**ISSUE:**

Authorization to purchase one (1) Tymco Sweeper for use by the Storm Water Operations Division of the Public Works Department.

**SYNOPSIS:**

This resolution authorizes the purchase of one (1) Tymco 600 BAH Regenerative Air Sweeper per the attached documentation.

**BACKGROUND:**

The City has selected Intermountain Sweeper Company as the supplier for one (1) Tymco 600 BAH Regenerative Air Sweeper for use by the Operations Division of the Public Works Department.

The Storm Water Operations Division currently owns several similar models of this Tymco Sweeper. Those currently being used have performed well with a good maintenance history. This model sweeper is comparable to existing equipment being used. Therefore, it has been determined that it is in the best interest of the City to purchase equipment employees and mechanics are already familiar with for the intended use.

**RECOMMENDATION:**

Approve purchase of one (1) Tymco 600 BAH Regenerative Air Sweeper for \$127,215 which includes a \$55,000 trade in credit for the 2005 Tymco Sweeper being replaced. This equipment will be for use by the Storm Water Operations Division of the Public Works Department.

**SUBMITTED BY:**

Russell B. Willardson, P.E., Public Works Director
